

BHAVANI KODUR

Full Stack Developer

Dubai, UAE | +971 588270367 | bhavanikodur14@gmail.com

[LinkedIn](#) | [Portfolio](#)

PROFILE SUMMARY

Full Stack Developer with **2+ years** of UAE experience designing and developing **React.js** and **Node.js** web applications. Proficient in **JavaScript (ES6+)**, **TypeScript**, **Redux**, **React Query**, and **RESTful API** integration. Adept in **Jest-based testing** (unit & integration) and **performance optimization**. Strong collaborator in **Agile** teams, delivering **scalable** and **maintainable** solutions. Currently exploring **React Native** and **GraphQL** for mobile and API advancements.

EXPERIENCE

MODSOFT TECHNOLOGY AI DEVELOPMENT – Dubai, UAE

Full Stack Developer | Nov 2023 – Dec 2024

- Built **React.js** applications with modular components, reducing code duplication by **35%**.
- Enhanced performance by **40%** via **lazy loading**, **code splitting**, and **Webpack optimization**.
- Integrated **Node.js** and **PHP REST APIs** with **<200ms** response latency.
- Developed **unit and integration tests** using **Jest**, improving defect detection by **30%**.
- Collaborated in **Agile workflows** using **Git**, **Jira**, and **CI/CD**, reducing release cycles by **25%**.

Tech: React.js, Redux, TypeScript, Node.js, REST APIs, Jest, Git, MySQL, Agile.

NEXT ENGINEERING CONSULTANTS – Dubai, UAE

Frontend Developer | Dec 2022 – Nov 2023

- Built responsive **React.js** apps using **Material UI**, **Redux**, and **Bootstrap**, improving UX by **45%**.
- Integrated APIs with **React Query**, reducing data load times by **30%**.
- Implemented **Jest unit tests**, maintaining a **95% QA pass rate**.
- Partnered with designers (**Figma**) and backend developers to deliver pixel-perfect interfaces.

Tech: React.js, Redux, Material UI, REST APIs, JavaScript (ES6+), Figma, Jest, Agile.

DRIVE7 SERVICES – Dubai, UAE

Frontend & Web Developer | Aug 2019 – Dec 2020

- Developed interactive **React.js** dashboards with **Material UI** and **Bootstrap**, improving data insights by **50%**.
- Managed **SQL/MySQL** databases and developed backend **API logic** for CRUD operations.
- Conducted **manual testing** and **debugging**, reducing UI bugs by **20%**.

Tech: React.js, JavaScript, SQL, HTML5, CSS3, Git.

PROJECTS

[Next Engineering Website](#) – React.js, Tailwind CSS, REST APIs

[Freakins E-Commerce Platform](#) – React.js, Redux, WooCommerce, Payment Integration

[Drive7 GPS Dashboard](#) – React.js, Bootstrap, WebSocket APIs

[Gold Gym Platform](#) – React.js, Material UI, Responsive SPA

SKILLS

Frontend: React.js, JavaScript (ES6+), TypeScript, Redux, React Query, Tailwind, Bootstrap, Material UI

Backend: Node.js, PHP, Express.js, MySQL, RESTful APIs, GraphQL (Learning)

Testing: Jest (Unit & Integration), Manual Testing, Debugging

Tools: Git, GitHub, Jira, Figma, VS Code, CI/CD (Familiar)

Practices: Agile/Scrum, Clean Code, Performance Optimization, Modular Architecture

EDUCATION

Bachelor of Technology, JNTU Hyderabad | 2014 – 2018
